EYE-WITNESS REPORT FROM KURDISTAN

Trevor Rayne of the Editorial Board of Fight Racism! Fight Imperialism! was invited to attend the celebration of the 7th Anniversary of the launching of the armed struggle and the founding of the People's Liberation Army of Kurdistan (ARGK) held at the Mahsum Korkmaz Academy guerilla training camp in Lebanon during August. He witnessed 'the self-discovery of a people who had no name, no speech, no identity—Kurdistan.'

He discussed the Kurdish revolution, the Middle East, the collapse of socialism in the Soviet Union and the 'New World Order' with the guerrillas and PKK leader Abdullah Ocalan—'Apo'.

'To solve the problem of Kurdistan will be to solve the problem of the Middle East. To solve the problem of the Middle East is to influence the whole world situation. This situation . . . is a special juncture of global politics'.—Abdullah Ocalan.

Today, more than ever before, the liberation struggle of the oppressed nations is critical for the future of socialism and humanity. The RCG recognises that the Kurdish people are on the front line in the struggle against our common enemy, imperialism. There can be no significant advance for socialism in the imperialist nations unless a movement is built here that links the struggles of the working class in Britain with the struggles of the oppressed peoples of the world.

British forces are stationed in Turkey as part of 'Operation Hammer Force'. Ostensibly to defend Kurds in Iraq, their priority is to protect the Turkish state against the Kurdish revolution and to maintain imperialism's hold over the entire Middle East. Throughout the Gulf War, the RCG along with the British left called for Self-Determination for Kurdistan! Now, as then, all socialists in Britain must demand the withdrawal of imperialist forces from the Middle East and support the Kurdish and Palestinian revolutions.

Come to the meeting, listen to a report from the Rising Revolution, see the picture record of the celebration.
